The Village of Ephraim Green Tier Ad-Hoc Committee established in 2019 is made up of representatives of standing village committees, the Ephraim Business Council, and individuals within the community that meets regularly to discuss ways in which our village can advance our own sustainability goals that we set. This body will not be making policy but rather will engage in broader discussions and pass on recommendations to be considered for action by the Village Board or other standing committees of the village. These are open discussions in which public participation is encouraged.
